

9900

MILES AHEAD

LEAVES DRIVERS INSPIRED AND IN AWE. AND THAT'S BEFORE THEY EVER DRIVE IT.

Whether you're barreling down the highway or polishing up the chrome, one thing's for certain—the International® 9900 will make heads turn. Its classic look combined with advanced design means drivers get a rig that's miles ahead without sacrificing style for performance. Ever.

- From its fuel efficient aerodynamic design to the optional factory-installed APU, the 9900 cuts through the wind and into your fuel bill.
- Comfortable drivers equal happy drivers. With a 92"-wide bunk, the widest, roomiest cabin in its class, and a redesigned air-ride cab suspension that tames even the wildest road, the 9900 keeps you comfortable and smiling mile after mile.
- Image isn't everything, but it sure counts for a lot. With optional factory-installed chrome accent packages and leather tuck-and-roll interior, the 9900 makes sure you always arrive in style.
